Kia Ora, Kia Orana, Malo e lelei, Talofa lava, Fakaalofa lahi atu, Namaste, Bonjour, Hola, Nǐ hǎo, Shalom, Merhaba, As-Salam-u-Alaikum

Wow! It's week 5, halfway through the term and so much exciting and wonderful learning has been happening at school. On Friday 12th May 2023 our students embarked on their inquiry learning by sharing their "wondering" about Space. It was great to see our tamariki being confident learners to present their learning to their fellow peers. Ka rawe tamariki ma!

Winter Sports

Friday Basketball and Saturday Netball season have begun and it's been great watching our tamariki out on the courts working together as a team. All teams have been filled but keep an eye out for any upcoming sporting events such as Year 5/6 Girls Day Out or Year 5-8 Rugby League tournaments. We encourage all tamariki to participate in all sports.

Whanau Night - TODAY!

There are 2 sessions available - 3:30 pm & 4:30 pm. This is a chance for you to meet your child's teacher and to find out about what's been happening in their classrooms. We look forward to seeing you all there.

Meitaki maata,
Mary Takatainga
Tumuaki

Key dates:

25 May Whanau Night

28 May - 3 June Samoan Language Week

9 June School Photos

26 - 27 June Home School Partnership Conferences

We are confident, resilient and will reach great heights

Learning Stories

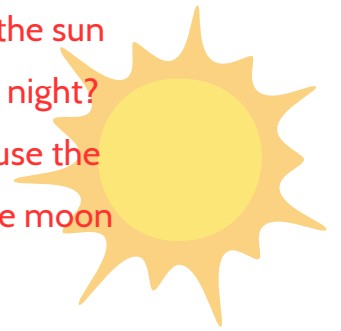

Check out our confident and resilient tamariki from A3A4

Our inquiry for this term is Space. In A3A4 we have been learning about Te Marama - the Moon and Tama-nui-te ra - the Sun. Throughout our exploration and investigation, we have come up with some big questions to help guide our inquiry about space.

"What is the sun? How big is the sun? How far is the sun from Earth? What is the sun made of? How do we get day and night? How do Maori and other cultures use the sun, moon and stars? How does the moon affect the tides?"

Our tamariki enjoy working together and helping each other to find the answers to the questions they are inquiring into. We look forward to seeing what they have discovered at the end of the term.

Kia ora whanau,

The Dental Clinic is on our school grounds. If your preschool child needs to be seen by a dentist, please ring the school and we will inform the dental technician that you are coming in.

A reminder, should you require any support ie. food or water, please contact the school so we can get in touch with outside providers to help you.

Remember these services are available for you.

- Counselling for our tamariki and whanau who are experiencing difficulties.
- Social welfare support through Family Works, supports whanau and tamariki who have a variety of issues.
- Health nurses are on site every morning to check students with sore throats and skin infections. If you would like your child's hearing and eyesight tested let your child's teacher know.
- Learning Support for our tamariki.

Naku noa,
Mrs Robati (0275595479.)

Fitness with Whaea Rosa

What a lovely way to start our day by doing a bit of exercise. Exercise helps to develop a strong cardiovascular system. It also gives us the energy to think clearly and concentrate on our learning for the day.

Reminder if your child is part of this group they will need:

- to arrive on time at 8 am
- full school uniform
- appropriate work out clothes
- proper footwear

Whaea Rosa is really enjoying watching our tamariki get stronger and fitter each and every day.
